

Surfplugs™ Impression Taking and Ordering Notes:

Instructions to the Audiologist for impressions:

Impressions should be semi-deep to include the second bend in the ear and the entire concha, helix and tragal notch. Because we are making tight-fitting surfplugs™ we do recommend that the material is also pushed gently into the ear to encourage a good snug fit. Impression material should be two-part silicon. Please establish the name and contact details for the client and mark this clearly on the box. Please give the impressions back to the client **in a box** suitable for postage so that they may send them back to us for manufacture.

Colour Options for your Surfplugs™

Surfplugs™ can be either a solid colour or the more popular two-colour swirl. We particularly feel that a colour swirled into a base colour of white gives the best effects. See the website for colour matches. Contact us for other colours or graphics upgrades. Please tick up to 2 colour request(s) on the order form. Cords are supplied in clear or black but colour options are available if required.

Instructions for postage:

Package the impressions in the small box provided by the Audiologist to avoid them being crushed or misshapen in the post. We advise that you also use a jiffy bag and select recorded delivery as we are not responsible for any lost or damaged impressions. If you are outside the UK then add the cost of return postage to your order using the postal rates calculator below.

Delivery Address	Expected Postage time	Postage Cost
UK (not channel islands)	2 Working days	FREE
Channel islands & Europe	3 Working days	£4.70
Worldwide	5 Working days	£6.00

Send the completed order form (overleaf) with your impressions and the full cheque payment **made payable to SOUNDGUARD** to us at:
